## Call for Papers | Special Issue on Accounting for What Matters

[Call for Papers](#)  Posted on 10/3/2025

Public sector organizations are navigating economic instability, climate crises, inequities, and political pressures—often forced to balance financial sustainability with the equally vital goals of social sustainability and equity. This special issue invites research that rethinks public sector accounting and accountability not only as tools for fiscal management but also as frameworks that foster inclusion, fairness, resilience, and long-term public value.

We welcome conceptual, empirical, and comparative studies addressing how accounting can better embed social sustainability, manage value trade-offs, strengthen organizational resilience, and challenge existing power dynamics. Case studies, longitudinal analyses, and critical perspectives across diverse contexts (healthcare, education, social services, etc.) are encouraged.

## Call for Papers | JBPA on Null Results

[Call for Papers](#)  Posted on 9/12/2025

The Journal of Behavioral Public Administration (JBPA) seeks papers for a special issue on null results. Null results are important for scientific progress and for policy making. But null results require nuanced consideration to be informative—null results caused by a small sample size or measurement error may hide true (non-zero and substantively meaningful) effects. JBPA welcomes null results Public Administration papers, especially those utilizing pre-hoc power analysis, pre-registration, experimental manipulation checks, Bayesian t-tests/Bayes factors, TOST procedures or simulated confidence intervals to rule out large effect, and other nuanced and convincing methods. Full research papers will be evaluated on an ongoing basis.

**Deadline:**  
July 31, 2026
